## Bridge over troubled water

```
G
                       C
1. When you're weary,
                           feeling small,
     F C G
when tears are in your eyes, I'll dry them all.
   D Em D
I'm on your side, when times get rough,
                       Α
               C
                           D
and friends just can't
                       be found.
                         Em
                                        B7
                                                Em
                                    I will lay me down,
like a bridge over troubled water,
                  G
                        Em
                                C
                                        D7
                                                  G D
                                    I will lay me down.
like a bridge over troubled water,
                                                     G
                                when you're on the street,
2. When you're down and out,
C F C G
                      C
                                    G
when evening falls so hard,
                               I will comfort you.
   D Em D
I'll take your part, oh, when darkness comes,
G7
      CA
and pain is all around.
                                         B7
        C
                         Em C
                                                 Em
like a bridge over troubled water,
                                    I will lay me down,
                          Em C
                                         D7
                   G
like a bridge over troubledwater,
                                    I will lay me down.
            G
                      C
3. Sail on silver girl, sail on by,
            C
                 G
                                                       G
your time has come to shine, all your dreams are on their way.
See how they shine, oh, if you need a friend, I'm sailing right behind,
                         Em
                                         B7
                 G
                                C
                                                    Em
like a bridge ver troubled water,
                                    I will ease your mind,
G7
     C
                         Em
                                 C
                                         D7
like a bridge over troubled water,
                                   I will ease your mind.
```
